

Salinas Graduates Register Today

Hartnell College will host approximately 175 seniors from Salinas Union High School here today. Mr. John B. Lemos, college president, expressed the opinion that the interviews given the visitors should cut down registration time.

The Salinas seniors will arrive here at 11:30 a.m. All 175 students have signified that they intend to enter Hartnell next fall. The students will be registered today and instructors will advise which courses should be taken in their first semester.

Last year the high school sent more than 109 seniors to look over the facilities at Hartnell. However the number registering from Salinas high this fall was 136. College officials are in hopes that the next school year will find over 200 students from Salinas.

The plan to register the students now is the first experiment of its kind. The group will meet in the Little Theater upon arrival.

Students who are now at Hartnell and are expecting to return next year will be registered the first day of finals week.

Mr. Lemos stated, "I would judge that we can expect an increase of between 100-150 in total enrollment next year. This will give us a student body of between 800 to 850."

Classes will be shortened today to enable the instructors to work full time in registering the seniors.

Last classes of the day will con-

clude at 1:10 p.m. with a dance scheduled to commence at 1:30 p.m. for the junior college students.

At 3 p.m. the Hartnell College baseball team will tangle with the San Jose State Frosh at the Salinas Rodeo Grounds.

Out on the college track the Hartnell cindermen will hold the interclass track meet from 2 till 4.

FBI Holds Classes Here at Hartnell

Probably the only class at Hartnell that is allowed to smoke during class is now in session in Room 16. This class is made up of law enforcement officers from Monterey, San Benito, Santa Cruz counties, and is under the instructorship of Mr. Mark Flannigan, of the Federal Bureau of Investigation, and Mr. Ray Quinn.

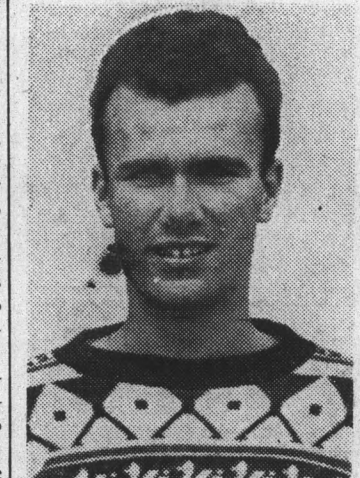

Instruction in various phases of law enforcement is being offered and will continue with morning classes next week. During the afternoons of next week, Mr. Eugene Jones, F.B.I. special agent, will instruct in firearms at Fort Ord.

This program is under the joint sponsorship of law enforcement agencies of the city, county, and state groups in the tri-county area.

Enchanted Cottage Coming

With only two weeks of rehearsal left, "The Enchanted Cottage" is now in the process of perfecting timing and developing characterization.

The timing in the current Hartnell play varies from a fast-flowing speed for comedy, to a medium tempo for romantic scenes, to a slow mood for the eerie witch scenes.

Phil Trine was named editor of Panther Sentinel by Advisor Mr. Stuart Dufour replacing Pat Pollock, who recently dropped because of illness. Trine is majoring in journalism and has served five semesters on the Panther Sentinel staff.

PANTHER SENTINEL

Males Head for Cover; Women Devise Traps

By PHIL TRINE

Sadie Hawkins' Day — annual turnabout day — is but a week away. Hartnell will change to Dogpatch where the local gals will attempt to capture some good fer 'nuthin' varmint. Marryin' Sam will be on hand in case some poor unfortunate male is snared.

Looking back to previous Sadie Hawkins' affairs — the women have always seemed entirely satisfied. We can't say as much for the male population. In 1945 with only 50 men on the campus, a list of eligible bachelors was released. Later reports show none of the 50 escaped. At that time there were over 250 women at Hartnell.

The odds are not so tremendous now but the women of Hartnell plan to make us of all their feminine wiles come Sadie Hawkins' Day. President "Johnny" Johnson has even suggested that the gals use bobby traps. What a revoltin' development, this is.

In the good old days the men used to sit complacently by the phones and catalogue requests to go out.

Feature of the day's activity is the "annual big chase" where "our heroes" meekly scamper to a secluded hiding place while the so-called weaker sex put on their running shoes and track down their men.

Who knows, perhaps we'll find another beauty contest winner in our midst. Jean Emery, former Miss California and fifth in the National Beauty Pageant in Atlantic City, copped Daisy Mae honors two years running in 1946-47. Sometimes I wonder why we ran.

Awards for the best dressed Wolf Gal, Moonbeam McSwine, Mama Abner, and Lena the Hyena are given annually. Even the men get in on the prize winning. No Sadie Hawkins' Day would be complete with Hartnell's own Li'l Abner.

One feature of the day always pleases the men, and that is, naturally — the women pay for everything. One year the gals even went so far as to buy corsages for the men. The corsages varied all the way from gardenias to an artichoke and carrot combination.

Zany costumes depicting characters out of Al Capp's comic strip are the most approved, but Hartnell has always come up with some "original concoctions" which would be difficult to duplicate anywhere.

'Antigone' Show Set for Sunday

"Antigone" is the radio play being given this Sunday on Station KDON, at 7:05 p.m. Since the show was given last year on the Hartnell stage, most of the roles will be played by the original cast. With experienced members in the cast, Mr. Harold Ulrici, director, promises "Antigone" to be one of the best radio shows of the year.

Talent Assembly To Be Held Soon

Date for the student talent assembly has been set for Friday, March 31, at 1 o'clock, according to Dewey Chambers, chairman of the assemblies.

Tentative program for the assembly includes Jessie Thomas who will sing the blues, Mary Ann Soldo, who will play several piano selections, and Mr. Stuart Dufour who will speak on the journalism department.

Carnival Plans In Infant Stage

Glimpses into the secret activities of a few local clubs have brought forth tentative plans concerning this year's big carnival on May 5. One unnamed group is thinking very hard about having a "house of horrors" as its project in the event.

Picture galleries are under contemplation by two clubs. Under this idea, the club would take pictures of persons at the carnival. These would be sold to the individuals.

Two ideas have been submitted for approval of the interclub council concerning the carnival. The first would call for the erection of the booths on Thursday afternoon rather than Friday. This would allow clubs to prepare their projects early enough for the Friday night show.

The second idea would be the purchase of bolts by the council members. These bolts would be used in the construction of booths instead of nails which were used last year. These bolts would help make it possible for the clubs to use the same booths each year instead of erecting the booths each year.

Soph Production In Rehearsals

Plans are now in full swing for the Soph show, "Mable's Fable," according to Dewey Chambers, director and author of the show.

Gloria Scroggs will star in the show and the narrators are to be Gardner Pond and Richard Cimino. Dick Rohrbacher and Dean Stamatopoulos will handle the lighting effects.

According to Chambers, several novelty numbers will be introduced, and between the acts of "Mable's Fable" Ralph Rowland will present vaudeville oleos.

Class Sked For Today

Classes will be shortened today to enable the Salinas Union High School seniors to register. College students will be entertained at a dance in the men's gym from 1:30 to 3:30 p.m.

Times of classes are as follows:

Reg. Class	Today's Hours
8	8-8:40
9	8:45-9:45
10	9:30-10:10
11	10:15-10:55
12	No Classes
1	11-11:40
2	11:45-12:25
3	12:30-1:10

(Continued On Page 2)

Bicycles Readied For Town Trips

Through the efforts of Frank Armbruster, the two Men's Clubs bicycles will soon be ready for use. At the present time the bicycles have been taken apart and are ready for painting.

These bicycles were recently purchased by the club to be used by persons who wish to go downtown but do not have transportation or enough time to walk.

Dr. Hall Appointed To Sub-Committee

At the December meeting of the Northern California Junior College Association at Berkeley, held on the University of California campus, Dr. Luella Hall was appointed to a subcommittee for the study of general education in California junior colleges under the \$30,000 grant from the American Council on Education.

Doctor Hall also submitted a paper at the meeting which dealt with education. It was entitled, "What Is the General College?"

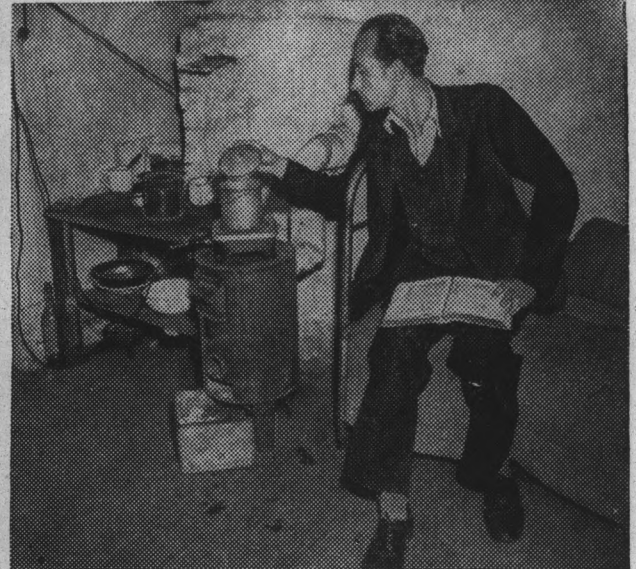

Parking Rules Stated by Lemos

Hartnell President John B. Lemos has reminded students of two rules they should observe concerning the parking of cars and the eating of lunches on the campus.

Students are not to park their cars in the marked parking stalls on the south side of the campus. Stalls which have the name of the official who has been given that space and the stalls marked "visitor" are not to be used by students.

Another rule the students must observe is the placing of their lunch papers in the receptacles provided for them. Students who eat their lunches on the lawn on the girls' gym are especially reminded to put waste papers in the new can placed there recently.

No Homeland, But Urge to Study Lives On

Some 2000 refugees are enrolled in European universities, while the U.N. International Refugee Organization seeks homes for them. At the left, refugees use a basement library in a bombed-out building. At the right, a student cooks in his tiny bedroom-study-living room.

CAMPUSOLOGY

By GEORGE JACKSON

The twain met last week end when the Hartnell baseball team stopped at an Italian restaurant in San Jose to eat. It was there that some of the local Hawaiian students received their introduction to the food of that nation.

From all indications (mainly the amount of food consumed), the boys are all for the "foreign" food. Aloha, Luigi.

Don't worry about these flying saucer reports you have been hearing lately. After a long investigation I have come up with the solution to the mystery. They're not meteorites—they're not from another planet, and they do not belong to the Russians.

According to my reliable methods, the missiles are only a part of spring athletics. They are only the discus which the weight men on the Hartnell track team have been flipping around lately.

A great deal of concern was shown in local athletic circles concerning the recent announcement of policy concerning fraternization with the opposite sexes on and around the campus. Athletes have been worried because of its dangerous implications concerning the future of bodily-contact athletics.

It has not been too long that basketball rules were tightened to give the sport less body contact; just this year baseball rules were altered to keep runners from blocking pivot men on a double play. Now comes this!

One of the most unusual class projects has been taken on by the members of Mr. Stuart Dufour's advertising class. They have taken on the job of entering a contest sponsored by the American Razor Corporation to help advertise their new "Featherweight Gem Razor," which has been designed for young shavers.

Each member of the class will receive material including a razor set. A last check on the enrollment showed it was coeducational.

Those men you see around the campus are not members of the Alisal grammar school safety patrol, although it is not known whether they are here to investigate the disappearance of the music department's missing cymbal.

A&M Changes, Grows in Year

The 1949-50 school year has seen many changes at Hartnell A. and M. Enrollment has increased from 212 in 1947-48 to 250 last year and again jumped up to more than 300 this year. Hartnell students are more and more taking advantage of both trade and industry and agriculture shops and classwork.

Since all trade and industry students have three hours a day, five days a week, a large amount of work may be accomplished.

INGOLS...

(Continued From Page 1)

games. Before last year the concessions were operated by the student store, and the commission was interested in what type of transference was made to give the concessions to a college club, which occurred last year.

The group moved to prepay \$100 for the N.C.J.C.C. meetings which will be held in the near future. This amount will be added to the budget for 1950-51 but will be paid at the end of this year with money in other accounts.

Student Body President George Miljanich was requested to write a letter to the College of Pacific a cappella choir thanking them for their vocal programs presented here last Thursday, March 9.

A report on the jukebox said that \$19.75 was taken in.

Figures Prove Headache

By GEORGE JACKSON

It's really not much of a job.

All they have to do is this: estimate the total amount of money the Hartnell college student body will take in; consider the sundry requests for funds from various groups and organizations; and apportion the money so there will be no complaints from the groups and organizations when they do not get all the money they want.

That's all the budget committee has to do at its Wednesday meetings which it has been holding and will continue to hold until the problem is solved. In the hands of this committee, composed of faculty auditor Miss Ruth Rothrock, commission advisor Mr. Jerry Girdner, commissioner of finance Evelyn Temmermand, student body president George Miljanich, vice-president Gardner Pond, and commissioner of public relations Tom Ford, lies the future of all incoming and outgoing money of the student body for 1950-1951.

At this time all of the budget is in the stage of estimation, but soon, after much time and work, this group will come up with a workable budget for next year's activities. According to estimates, there should be approximately \$22,300 income for the next year, but a total of \$23,193.75 has been requested by various groups and organizations. This means \$896.75 will have to be pared from requests.

According to estimates which have been submitted, the three biggest items on next year's budget will be football, about \$5,500; La Reata, \$2,750; and Panther Sentinel, \$2,100. The opposite end of expenditures will be Alpha Gamma Sigma, which has requested only \$15.

The above expenditures total large amounts, but there are many other lesser things to be considered. Among requests are: carnival orchestra, \$75; debating and speech, \$50; and washing machine, \$35.

So it is easy to see how this committee will have to really put in concerted effort to bring about a harmonious balance in next year's finances.

Local Students In Concert

Two Hartnell students, Beverly Carlson and Dick Thurman, appeared in the Monterey County Symphony orchestra last Monday evening in the high school auditorium. Thurman plays the trumpet and Beverly Carlson plays the second violin.

Mr. Lorell McCann, music instructor here, conducted the orchestra during the first part of the program.

Guest Speaker For Westminster

Guest speaker at the Westminster luncheon next Wednesday will be the Rev. Merle Tollefson, pastor of the Lutheran Church of the Good Shepherd, according to Club President Alan Olson.

Meeting and luncheon will be in the home economics living room at noon, and Olson urges all members and students planning to attend to sign their names on the bulletin board. They should indicate what they will bring in the way of food.

"God of the Atom," a film produced by the Moody Institute of Science, will be shown March 27, at 12:05, says Olson.

Newman Club Holds Bake Sale

Newman Club will hold a cake sale in home economics room next week according to Bob Cancellieri, club president. The club also has planned various activities, says Cancellieri.

A membership drive has been planned, and will soon swing into action. The club is also planning a retreat near Easter at the San Juan retreat house. A communion and breakfast has also been tentatively scheduled for after Easter.

At the next meeting, said Cancellieri, Don Schrupp will submit a program for the club's activities to take place in the future. The program will include movies and speakers to be featured later.

Carmel Artist Appears Here

Noted California painter, Richard Lofton from Carmel, spoke to the Art Club last Wednesday, according to Mr. Leon Amyx, Art Club advisor.

Lofton, who is a member of the Carmel Art Association Board of Directors, discussed and demonstrated techniques of oil painting.

Delta Psi Omega Holds Ceremony

Delta Psi Omega, honorary dramatic society, will hold formal initiation tomorrow night. The ceremony will take place in the Little Theater.

Pledges to be initiated include the following: Dewey Chambers, Geordie Corbett, Phyllis Williams, Pat Pollock, Gloria Scroggs, Ralph Rowland, Alice Page, Virginia Verra, and James Smith.

It's Hands Not Hips In Hula

By ROBIN LOWRY

"It isn't the hip movement that makes the hula graceful," according to Henrietta McKeague, who now teaches a class in the hula, "but the hand movements."

Almost everyone believes that it is the way you "swing and sway" in the dance that makes it look so graceful. Hank, who now has several girls in her "classes," is stressing the movements of the hands.

Reason for the classes is the coming May Day pageant when several girls will dance. Since the majority of the girls knew absolutely nothing about the dances, Hank has offered to teach. Anyone interested in joining this class should see her.

According to Hank, the first thing she will teach is the hand movement, because, as she explains, the hands tell the story of the dance. It helps especially if the song is entirely in Hawaiian.

The next important step is the movements of the feet. The feet tell the timing and must be graceful. The hips and bodily movements are last, according to Hank, but are very important. The upper part of the body must remain still, while the movements all take place below the waist.

Most of the Hawaiian dances are about love or flowers and require a great many graceful movements. Of course, the comic hula isn't included in the classes, but will be taught to the fellows by Jim Akimo.

Girls who have already signed up for the classes are Joan Farnsworth, Mary Ann Papac, Pat Jones, Barbara Stebbins, Margie Mathers, Aletha Mathers, and Robin Lowry.

None Qualify For Air Force

No Hartnell students qualified for the United States Air Force officer candidate program, it was reported by First Lt. Donald E. Nelson and First Lt. R. H. Hutchins, who interviewed prospective candidates.

About eight or nine students were interviewed by the two men and they were disqualified mainly because they did not have the college units to qualify for the program.

Skating Party Set For Big Barn

Plans for the Flying Club's skating party will be discussed at their next meeting, Advisor Mr. Richard Carlisle announced recently. The party will be held at the Big Barn on Williams Road in Alisal on March 27. Admission will be 40 cents per person.

Last week the club's plane received 30 hours of flying time by members of the group. Members are preparing to put the school insignia on their Stinson craft.

Also, at next week's meeting, members will discuss participation in an intercollegiate flying meet at San Mateo in the near future. Movies will be shown at the meeting, it was announced.

COP Choristers Entertain Here

College of Pacific a cappella choir presented a concert before the Hartnell student body last week. Soloists for the affair were Doris Cummings, alto; Johnnie Wheeler, tenor; and Joseph Johnson, tenor.

Violinist for the concert was Mr. John Nastari who played "Czardas" and "Turkey in the Straw." Accompanist was Jon Pearce.

The choir sang "The Lord's Prayer," "Song of the Reapers," "Roots and Leaves," "The Luckless Fisherman," "Alleluia," "I Cannot Stay Here by Myself," "You

Skiers' Last Trip Set for March 25

Last ski trip of the season is scheduled for the March 25 and 26. Yosemite will be the spot and 32 reservations have been made.

Tickets are on sale in front of the main office at noon each day. The price of the trip is \$7.

Netsters Win First Match; Beat MPC 5-2

Winning their first match of the season, the netsters of Hartnell dumped M.P.C., five games to two. As the season has progressed, the team has gradually improved, and form displayed against Monterey was the best this season.

Results of the meet:

Singles:

1. Ray Messinger (MPC) d. Harry Koue, 6-3, 8-6.
2. Cliff Herman d. Frank Campos (MPC), 6-2, 6-2.
3. Dick Skanse d. Al Matute (MPC), 6-1, 6-3.
4. Gerry Skillicorn d. Dick Balsam (MPC) 6-4, 7-5.
5. Lew Patterson won by default.

Doubles:

1. Koue, Herman beat Messinger and Balsam (MPC) 6-4, 6-0.
2. Skanse, Patterson lost to Campos, Matute (MPC), 9-7, 6-4.

With diligent practice it is very probable that the team should be a strong threat in the league. The players practice every day from 2 to 4 p.m.

Hartnell Panther golfers were defeated in their first match of the 1950 season, dropping to their arch rival, the Lobos of Monterey Peninsula College, 9½ to 5½ on the Salinas links.

Panther first man John Waterman lost three points to his opponent, the same amount Glen Albaugh succumbed to his challenger. Bob Moore, the Panthers' top golfer, lost two points, while Ken Koenig, the Harts' fifth man, was the only tee man to win three points for the locals. Dick Fry broke even while in third position.

Fred Willson Leads Team Scoring for Basketball

Final tabulations of the basketball scoring this season showed Fred Willson on top with 320 points in 26 games, followed closely by Co-Captain Ed Macha with 302 in 28 games. Herb Withers was next in line, scoring 229 points in 27 games.

Willson also led his teammates in the free throw bracket hitting for 88 and was again followed closely by Macha who accounted for 87 points via the free throw line.

John Wong, the Panthers' play-making guard, led the Harts in the total number of personal fouls

PLAYER —	FG	FT	PF	TP	Game	Avg.
Willson	116	88	65	320	26	12.3
Withers	94	41	38	229	27	8.2
Macha	107	87	59	302	28	10.8
Keeney	56	21	34	133	23	5.8
Wong, J.	50	43	70	143	27	5.3
Wong, W.	49	34	42	122	28	4.8
Bell	13	12	21	38	24	1.5
Albaugh	7	7	13	29	19	1.4
Conlan	16	14	29	46	27	1.3
Pellascio	8	3	14	19	19	1.0

Noon League To End; Hawaii Keeps Lead

Hawaiians clung to their lead in the noon intramural basketball league as they tied with the Mainliners, 17-17. A game that could have gone either way, it was nip and tuck all the way and if either team had gained a substantial lead, that team would have won. Tie games are not played off in the intramural league.

The game was one of the lowest scoring games played this season. Fong scored seven points for the Mainliners, and Jackson, who is always good for a few points, was high for the Hawaiians with eight points.

Another thrilling game was played last week between the Sand Dabs and the Bow Wows as the Dabs came through in a close one to win, 19-18.

The outcome of the game was never quite decided until the last minute as Don Weber played a terrific game for the losers with 13 points to his credit. Cliff King was high for Trine's boys with eight points.

Corderoli's Mighty Mites overthrew the Farmers of Ed Copley Monday by a score of 30-23. Bill Temple led the attack for the Mites with 13 points' worth of tips and set shots, while Malcolm Campbell hit for nine markers for the Farmers.

with 70. With 65 and 59 personal fouls, respectively, Willson and Macha gained the second and third places in the foul-committing field.

Racking up 116 field goals, Fred Willson led his fellow mesh hitters in the basketmaking department. Macha and Withers followed with 107 and 94 field goals, respectively.

By the time the league games had rolled around, Fred Willson had improved his shots, and consequently had a 14.0 points per game average, making a total of 168 points for the 12 games played.

Swim Team Has Meet April 7

Scheduling the first meet for April 7, the swimming team has been working out for the last week trying to condition themselves for the event.

At present 13 men have turned out for the team—10 swimmers and three divers. They are Don Mignola, backstroke; Mervyn Ferreira, freestyle 50, 100, diving; Al Janes, freestyle 50, 100; Bob Jones, freestyle 50, 100, relay; Dick McCormick, freestyle 220, 440, relay; Peter Smith, backstroke, relay; Gary Robinson, backstroke, relay, freestyle 220.

John Skow, breast stroke, freestyle 220, 440, relay; James Smith, freestyle 100, 220; David Urabe, freestyle 220, 440; David Makagawa, freestyle 100, 220; Howard Menees, diving; Geordie Corbett, diving.

At each meet the events will be run off in the following order:

1. 330-yard medley relay.
2. 220-yard freestyle.
3. 50-yard freestyle.
4. Diving.
5. 100-yard freestyle.
6. 150-yard backstroke.
7. 200-yard freestyle.
8. 440-yard freestyle.
9. 400-yard freestyle relay.

Neither the Hartnell nor Monterey Peninsula College teams are affiliated with the league. Both teams feel that they haven't power enough as yet.

The swimming schedule for this season is:

April 7, Hartnell vs. M.P.C., there, 1:00.

April 15, Intersquad Meet, here, 10:00 a.m.

April 19, Hartnell-Menlo-M.P.C. Monterey, 4:00.

April 29, Hartnell-Olympic Club-M.P.C., Monterey, 2:00.

May 13, Intersquad meet, here, 10:00.

May 17, Hartnell vs. M.P.C., here, 7:00.

Dick Cox and Coach Ab Wilson have made a convenient work-out schedule for the team members at the Salinas Municipal pool.

Monday, Wednesday, and Friday, 10 to 11 a.m.

Tuesday and Thursday, 1 to 5 p.m.

Saturday, 10 to 12 noon.

Panthers Edge Wildcats 5-4;

Playing their second game of the season the local baseballers took the Wildcats of Watsonville into camp, 5-4. Crossing home plate for the Panthers were Louie Foletta, Frank Paz, Lloyd Daniel, and Bill Cooke who crossed the platter twice.

Getting bingles for the locals were Bill Cooke, Louie Foletta,

Wong, Willson Make All-Conference Team

Hartnell campus was honored last week with the placing of high scoring Fred Willson and Co-Capt. Wally Wong on the second all-conference basketball team.

Fred Willson, big gun of the

Tom Stow Tennis Demonstration In Gym March 28

On March 28 in the Hartnell College gymnasium a Wilson Bros. Sporting Goods Company tennis demonstration of the Tom Stow stroke method will take place. This demonstration will be at 7:30 p.m.

All the schools in the vicinity will be invited to attend this demonstration, along with the Salinas Tennis Club and members who teach tennis.

This device, invented and patented by Tom Stow, allows players to practice with the same idea a boxer practices on a boxing bag. Two adjustable balls—one on a cloth covered rubber cord connected to the floor and ceiling to practice ground strokes, the other attached to a long strong cord for practicing and teaching the service and smash—are used.

Tom Stow, the developer of the stroke, will be here in person, accompanied by Al Merrill, representative of the Wilson Bros. Sporting Goods Company, and Norman Brooks, executive of the Northern California Tennis Association.

Baseballers Drop Opener, 24-2; Pitching Weak

In their first game of the season, the Hartnell baseball team was beaten by the Stanford Braves by the one-sided score, 24-2. Coach Jess Regli used almost all of his manpower in the tilt but the Harts couldn't find themselves.

The local squad made eight errors and the pitching staff gave up 24 hits, nine of which were good for extra bases. The Braves got six runs in the third inning and five runs in the seventh.

The only outstanding play of the day was Bill Casalegno's home run which was good for 50 per cent of the Hartnell score.

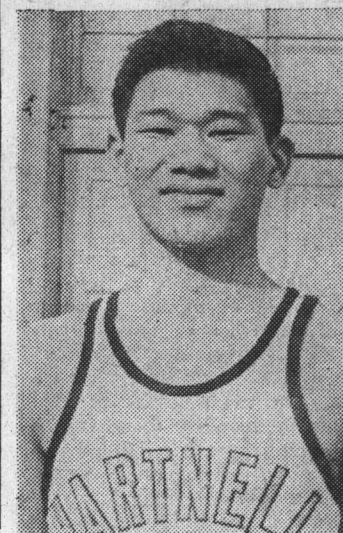

Rams Win Right To Enter National

City College of San Francisco Rams this week were trying to raise money to finance their way to the national junior college basketball tournament in Kansas.

The Rams won the Sacramento invitational regional tournament although they lost the N.C.J.C.C. title to Placer J.C.

Frank Paz, Chuck Jackson, and John Alsop. Fielding in general has improved for the Panthers, and it was not until late in the game that Watsonville got a hit.

Pitching for the locals was Al Navaroli who went the full seven innings, giving up only four hits in the best demonstration of pitching this year.

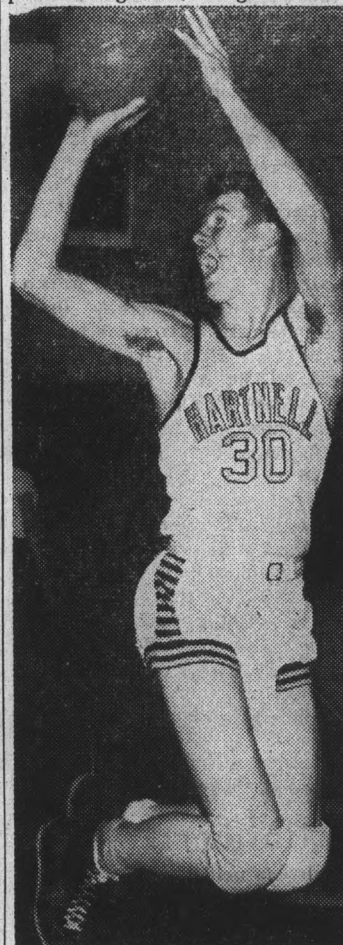

WALLY WONG

Panther hoopsters, was picked as the second string center while Wally Wong received a guard berth on the mythical quintet.

Coming from Watsonville where he played four years of high school basketball for the Watsonville Wildcats, Wong just finished his second year as starting guard for the Panthers, being part of the dreaded Wong duo with his brother John.

Playing for the famed Pacific Grove varsity of last year, Willson proved a great scoring threat as

FRED WILLSON

the season progressed and did a great deal of the backboarding for the Panthers. He was also the team's highest scorer in the entire season and produced the highest number of points during league play.
